

Frequently asked questions:

I can't be at the event so how can my idea still be pitched?

That's ok we welcome all ideas, and you can either send your ideas to be read out by an MCA committee member or a friend. Or perhaps you prefer to submit a video. This video must be sent to MCA 2 days prior to the event and be no longer than 2 minutes.

Can I use slides to help my pitch?

We want to keep the pitches flowing so no slides are permitted. But please bring props, posters, hand-outs or music. Remember pitches are 2 minutes sharp.

Young person pitch

If a young person is pitching, we should make extra sure the space is safe for them. Check that they have a friend, parent/ carer or teacher present.

I'm not sure which category my idea fits in

If you are unsure which category is best suited to your idea please contact us and we will support you in making that decision.

There are quite a few of us in the group pitching, is that ok?

How you pitch is up to you; you have 2 minutes so think about how each person will contribute.

Will you have AV equipment? I have some music to play.

Yes, we have AV equipment available for music. We will help you connect to it.

Am I guaranteed of getting the chance to Pitch at the AGM

No. Participation in the Pitch to Win AGM is at the discretion of the MCA committee.
