We have lit our fire!! You might think this isn't 'world breaking news' but we try not to light the fire till after ANZAC Day, the reason being if they, our soldiers, could put up with everything thrown at them we can endure a few cold nights. I can't believe that as soon as you feel the heat from the fire on these cold nights it's just automatic to get it prepared for about 4pm light up even if it isn't that cold!!

It's also soothing to watch the flames flickering away almost like watching fish swim around in a fish tank.

I had to have an MRI on my left wrist this morning and I thought 'how hard could it be - anything to find out the problem causing me pain'. Well it was a cold morning but the spectacular sunrise driving towards Mount Barker was a sight to behold - I don't think I saw one this beautiful in the height of summer.

Now I haven't had an MRI for a long time but I realised after about a minute why they give you headphones to wear - not that you could hear the music or persons talking into your ears. The machine is so LOUD with pings, screeching sounds, and to top it all off you have to stay very still in uncomfortable positions and hope you don't cough, move or disturb the image being sought to find out what the problem is that is causing you so much pain. I survived but just after 15 minutes of stillness.

I glad I have come through March and April unscathed as it has been a busy time for all. Is it just me that thinks the first 4 months have gone a lot quicker this year compared to 2020 - maybe we need to have 'lockdowns' occasionally to remind us to slow down and 'smell the roses' as they say.

Have a lovely Mother's Day this Sunday and enjoy whatever you have planned with your families.

## SPECIAL GREETINGS

The **Holdsworth** family once again celebrate two birthdays this month but this year they are both milestone occasions. On the 9<sup>th</sup> of May, **Travis** will receive the key to the door upon the anniversary of his birth twenty-one years ago. **Breanna** will legally reach adulthood upon turning eighteen on the 21<sup>st</sup> of May and thus take on the benefits and responsibilities that mantle bestows. We send them both the absolute best wishes upon their special days.

The 27<sup>th</sup> of May will see **Bradley Forkert** will reach his thirtieth birthday. Thirty is a great age as you are still young enough to have a great time but also old enough to make mature decisions. Enjoy your birthday and wishing you a wonderful life.

**Asher Cobiac** will celebrate reaching her majority on June the 3<sup>rd</sup> and we hope any eighteenth birthday celebrations will go off without a hitch and she will have a long, happy, healthy life.

## WEDDING ANNIVERSARIES

On the 19<sup>th</sup> of May 1979 **Janelle & Chas Wright** exchanged their wedding vows and we wish them many more wonderful memories to add to those created over the past 42 years.

**Kaye & David Olds** started their married life on the 21<sup>st</sup> of May 1993 and will be celebrating 28 years of togetherness this month. Enjoy the day and look forward to many more special days ahead.

*Best wishes to anyone else celebrating a special event in the next month and we hope you have a very enjoyable day.*

Please advise us of any changes needed to our Birthday and Anniversary Book, including new names, by leaving a note in the Newsletter Box at our Friendly Grocery Store or by email

**Brrr** that cold weather is upon us. I know there are a lot of people suffering from colds and flus, etc, so everyone on the sick list we wish you all a quick recovery and send our best to you all.

We send a special cheerio to Sue and John Moore. We know things are not going your way at the moment, but know John, our loving thoughts are with you, and love to Sue, we are thinking of you.

*We* have had our nice cosy warm fire going for the last few nights and boy oh boy aren't the mornings chilly as well.

The trees took a long time to change, but now the autumn leaves are beautiful, but not so when they fall everywhere and take a lot of sweeping up. Our front lawn is a carpet of orange and brown leaves, I swept them up once, so now waiting for them all to drop. There are a few mushrooms popping up, don't eat them!!

**Maccy** has been a buzz the last couple of weeks. The RSL twilight service was amazing again this year.

A lot of people attended and lots enjoyed the tea supplied after, tea and coffee and yummy Anzac biscuits from the Lions Club, and the warm fire outside to keep everyone warm. A great time had by all.

Then Anzac Day the town was woken up at 6am with a loud playing of the Ode. Anzac Day is a special day to remember those who fought for our country.

**Also** the Anzac football match between Maccy and Meadows was a special day.

Both teams participated in the service but unfortunately Maccy didn't win the A's match, but the B grade won the game before. Fantastic day.

**The** market was held last weekend.

The street was full of cars, so hopefully the market and the 2 hotels and the shop had a successful weekend.

*We* hope the football and netball teams have a great season. Go Maccy.

## WHY I LOVE MUM

Mum and Dad were watching TV when Mum said, "I'm tired, and it's getting late. I think I'll go to bed."

She went to the kitchen to make sandwiches for the next day's lunches. Rinsed out the popcorn bowls, took meat out of the freezer for supper the following evening, checked the cereal box levels, filled the sugar container, put spoons and bowls on the table and started the coffee pot for brewing the next morning.

She then put some wet clothes in the dryer, put a load of clothes into the washer, ironed a shirt and secured a loose button. She picked up the game pieces left on the table, put the phone back on the charger and put the telephone book into the drawer. She watered the plants, emptied a wastebasket and hung up a towel to dry.

She yawned and stretched and headed for the bedroom. She stopped by the desk and wrote a note to the teacher, counted out some cash for the field trip, and pulled a text book out from hiding under the chair. She signed a birthday card for a friend, addressed and stamped the envelope and wrote a quick note for the grocery store. She put both near her purse.

Mum then washed her face with 3 in 1 cleanser, put on her Night solution & age fighting moisturizer, brushed and flossed her teeth and filed her nails.

Dad called out, "I thought you were going to bed."

"I'm on my way." she said.

She put some water into the dog's dish and put the cat outside, then made sure the doors were locked and the patio light was on. She looked in on each of the kids and turned out their bedside lamps and TV's, hung up a shirt, threw some dirty socks into the hamper, and had a brief conversation with the one up still doing homework.

In her own room, she set the alarm; laid out clothing for the next day, straightened up the shoe rack. She added three things to her 6 most important things to do list. She said her prayers, and visualized the accomplishment of her goals.

About that time, Dad turned off the TV and announced to no one in particular. "I'm going to bed." And he did...without another thought.

Anything extraordinary here? Wonder why women live longer...? CAUSE WE ARE MADE FOR THE LONG HAUL.....(and we can't die sooner, we still have things to do!!!)

### THE MOTHER'S PRAYER.

O Lord, so far today everything has been all right.  
I haven't lost my temper, nor yelled at the kids.  
I haven't gossiped, been greedy, grumpy, nasty, selfish nor overindulgent.  
And you know that I am grateful for that.  
But the alarm has just gone off, and I have to get out of bed.  
So from now on I'm going to need all the help you can spare, again.

On 1<sup>st</sup> May we went back to The Day Paddock to remove Gorse seedlings that are germinating through the good native vegetation on the eastern side of the reserve. Thank you to the 11 volunteers who came out to help.

It is great to have some younger members of the community – Darcy, Alyssa and Hika - come out to help us. Much of the eastern side of the reserve is covered in a sedge named *Lepidosperma semeteres* Wire Rapier-sedge which often produces very little viable seed and is hard to propagate. It is therefore a very valuable asset in the reserve and very important to protect it from invasive weeds such as Gorse by removing any seedlings as soon as possible. We do this by carefully cutting the stem and dabbing with herbicide.

The native grasses have thrived where a large patch of Gorse was removed previously. It is important to leave any dead timber as habitat for any wildlife requiring shelter, food or perching points. Hopefully any dead trees will also remain standing to provide this habitat for decades or even centuries.

During the morning we had the support of Rohan Cleaves, the Regional Co-ordinator of the Trees For Life Bush For Life programme.

The large areas of Gorse sprayed last year have died but it was encouraging to see many native grasses, sedges and lilies emerging underneath the dead material. And we have been able to deal with the few weed seedlings emerging.

## Macclesfield Family Matters The Ellis and Pilben families and friends

Recently the History Group received a wonderful donation of an old family album complete with photographs of members of the Ellis and Pilben families who lived in Macclesfield around 1840 when the town was first settled. In 1875, the marriage of Richard Ellis and Ada Pilben brought together these two families.

The photo album seems to have completed a full circle returning to Macclesfield after many years in Western Australia. Much of the history of the album remains unknown. Why did the original owners pack up and move to WA? Maybe it was the lure of gold! In the 1970s the album belonged to Elsie Harrington who lived in WA. Was Elsie a descendant of one of these families? Following her death in 1976 her friend Inez Wells gave the album to Peg Vincent who was then living in Wattle Grove WA. Peg now lives in Littlehampton and has cherished the old album for years and only recently started to research the names of the people in the photographs. She found the Macclesfield history website:

<https://www.macclesfieldhistory.com.au/> and came across the old family names and contacted us. Her intention was to pass the photos onto family members but decided to donate the album to the History Group for safe keeping. We are keen to make contact with anyone who might know a bit more about these particular families and/or would like copies of photos.

### Ellis Family history and photos of Richard and Ada Ellis (née Pilben)

Samuel Ellis and his wife Charity arrived in Adelaide in 1839 and soon took up a lease on a block in Todd Street, Macclesfield where they built a cottage and set up a business as shoemaker and also cultivated a 4-acre block and raised a few cattle and pigs. In 1849 they purchased sections 2780 and 2793 totaling 167 acres of farmland. Samuel joined the general exodus of male population in 1852 to seek a fortune on the Victorian goldfields (with some success) and returned to Macclesfield to continue farming and raising a family of 7 boys and 2 girls and also taking an active part in local council affairs.

**Richard Ellis** was their youngest son, born in 1854 and at the age of 21 he married **Ada Pilben**. They had 4 children Florence, James, Percy and Claude.

(The History of Samuel Ellis was compiled by Richard Campbell Besley and Evelyn Elizabeth Besley née Ellis).

## The Pilben Family History and album photos of Eva and William.

A History of the Pilben family compiled by Florence Briggs

Thomas and Sarah Pilben came originally from England but met here. Sarah arrived with her parents, William and Harriet Reeds and their other children on the 'Oleander' in January 1840 and Thomas was here prior to that. Later, they married in Holy Trinity Church, North Terrace, Adelaide, after which they settled in Macclesfield where Thomas built his house on his property of 92 acres on Section 2718 Hundred of Macclesfield. He also owned an acre in Venables Street. In the early days they grazed cattle and later turned the land, or part of it into a market garden. Eight children were born in the house, six of whom survived, namely: **Ada** see above, Harriet (Florence's mother), Lucy, Sarah, **Eva** and **William**. The family attended the Methodist chapel and received their early education at school in Macclesfield. After Thomas' death in the 1870's they moved to Young Street, Parkside, where they lived until Sarah died in 1892.

Siblings Eva and William Pilben

Caroline Hounslow and daughter Floss

Included in the album are many other photographs, some named and others unidentified. There are several members of the Strutton family including Gus Strutton and AE Strutton (Sarah Pilben married Augustus Edwin Strutton of Thebarton on the 19<sup>th</sup> Nov 1890). Others include Frank Bonnett, Jean Roddick, Jessie Purcell and Caroline Hounslow with daughter Floss see above. (By 1924, Floss had married AK Strutton and given birth to a son, Bruce Arthur. Birth notice in Chronicle, 5 April 1924).

Considering the age of the photographs they are all in excellent condition, many are portraits from Photographic Studios in Adelaide and a number of them are '**Little Gem**' tintypes, which are about the size of a postage stamp and being quite robust could be sent by post or carried in a coat pocket. They were popular during the 1860s and 1870s and often produced by travelling photographers. The photographic emulsion was applied directly to a thin sheet of iron coated with a dark lacquer or enamel, which produced a unique positive image (ref. Wikipedia).

**FREIGHT BYPASS AND MORE AGED CARE FUNDING  
ARE KEY BUDGET PRIORITIES**

A heavy vehicle bypass to ease congestion on the freeway and an additional \$9 billion for the aged care system are among the Federal Budget priorities for the Federal Member for Mayo Rebekha Sharkie.

The requests were outlined in a recent letter to the Prime Minister Scott Morrison and the Treasurer Josh Frydenberg ahead of the 2021/2022 budget next week.

“As a community we have successfully advocated for many projects in Mayo since I have been the Member for Mayo, but after many decades of infrastructure neglect, we are still playing catch-up,” Rebekha said.

“Last year the Government committed \$200 million for the Hahndorf Township Improvements and Access Upgrade, including \$15 million I advocated for to address the issues with the one-way freeway interchange at Verdun.

“However, freight and commuter traffic continue to increase on the South Eastern Freeway and recent heavy vehicle breakdowns have caused significant and prolonged traffic delays prompting public safety concerns in this high-risk bushfire region.

“So I have called on the Government to work constructively with the South Australian Government to develop and fund an infrastructure plan to improve safety and reduce congestion by diverting freight traffic movements from the South Eastern Freeway.

“Another key priority is aged care. Mayo is the oldest electorate by median age in South Australia and one of the oldest in the nation.

“The Government needs to heed the key recommendations of the Royal Commission into Aged Care Quality and Safety and contribute, at a minimum, an additional \$9 billion to the recurrent \$27 billion in annual funding to fund extra aged care packages and meet the cost of improving training and hands-on care.

“Any new funding needs to be subject to increased transparency and accountability in the sector and take into account the special circumstances in regional communities where providers do not have the economies of scale of larger urban-based providers.

“The Government also needs to set clear and measurable caps on administration fees for home care packages and I also called on the Government to consider the introduction of a voucher system for dental care for pensioners.”

Rebekha's Federal Budget wish list also included a request to continue Supplementary Road Funding for South Australian councils; funding to upgrade high risk roads in the Adelaide Hills and funding for the extension of the Amy Gillett Bikeway as part of the Adelaide Wine Capital Cycle Trail project.

The Budget letter also requested more funding for mobile black spots; the automation of the barrages on the Murray River; support for the electric vehicle industry; tax relief for the craft distilling industry; investment in the seed potato industry on Kangaroo Island; funding for a food irradiation plant in the Adelaide Hills to control insects and invasive pests and support for a national fruit fly eradication strategy.

Meeting 19/4/21

What has your community association been up to and what are they planning for you?

Maccy Bush Care have a poster up in the Institute foyer displaying all of the work they undertake in the Macclesfield parklands. It's well worth your time to pop into the Institute the next time it is open to . it out. This display will be taken down soon and replaced with one by Maccy Biochar. Listening to Brian describe their activities this will also be well worth checking out.

The MCA have been informed by Council that the revised Venables Street plan will be ready by the end of April. Exciting times ahead.

Councillor Minett put a 'question on notice' to the MBDC February meeting on behalf of the 3 South Ward towns asking Council to outline spending they have undertaken in the area over the past 3 years as we feel like the poor country cousins when it comes to spending. We should have an answer by the May meeting.

Thank you Battunga Lions, Maccy Flames and Young at Heart for forwarding the MCA's concerns about the redistribution of the Council's Ward boundaries to all of their members. We hope these members took the opportunity to express their concerns to Council.....and that Council listens!

It was fantastic to hear from Penny that the Men's Shed have promised 3 benches to be placed alongside the walking track on the perimeter of Davenport Square as a part of the Healthy Town's Challenge project. The Lions are also jumping on board and will replace the old Lion's bench behind the skate space. The Primary School and Maccy Bush Care have offered their support in the seeking of another grant to further build on this project and develop our town's resources.

Robyn was tasked with the making of a wreath to be laid at the cenotaph in front of the RSL as a part of their ANZAC Day service. Congratulations to Dennis and the RSL on another wonderful ceremony. It was fabulous to see so many residents turn out for the event. I thought Roscoe's reading of the poem "In Flanders Fields" was the best I have ever heard.

The MCA contacted Council addressing the need for a *community emergency response plan*, something Council acknowledges that should be done as listed in their Macclesfield Township Plan. Council indicated that this needs to be community driven so we will start the ball rolling. Graeme will contact Meadows and Echunga Community Associations to see what they have in place and he has also talked to a few members of the local CFS. Keep an eye out for further information as it comes to hand.

The MCA, with the support of Young at Heart, are seeking funding for a sound system to be placed in the hall. We should hear soon as to whether we were successful or not. Wouldn't it make a huge difference to the exercise classes and to the Sunday markets if we were successful!

Recently members of the MCA undertook a clean-up of the outside of the Institute, pulling out weeds, painting window frames, cleaning gutters, removing cobwebs from the front of the building and cutting back branches overhanging the shed. Now we have Geoff Horsnell putting in drainage and replacing the gravel in the driveway. It is hoped that this area can hold a few extra stalls on Market Day and make moving around the outside of the Hall easier on wet days.

Graeme has been invited by 'Living Well Suicide Prevention Network' to speak about Maccy Mates at their May meeting. I hope you've seen the flyer on our website letting residents know who and what the Maccy Mates are.

## COOKING FOR MOTHER'S DAY.

Giving Mum breakfast in bed is a nice idea for her special day and with plenty of mushrooms about at the moment, this recipe may be just the right things to try. If you don't want to do the scrambled eggs then mushrooms on toast is a great start to the day too.

### Mushrooms with Scrambled Eggs and chives.

Preparation time: 10 mins  
Serves 4.

Cooking time: 10 mins.

8 small (about 60g each flat mushrooms with stalks trimmed off	
40 g butter, melted	8 eggs
½ cup cream or milk	1/3 bunch fresh chives, chopped
Salt & pepper, to taste	4 slices toast

1. Pre-heat a grill on high heat. Line a baking tray with baking paper.
2. Place mushrooms onto baking tray and brush both sides with ½ the melted butter. Place under grill and cook for 2-3 minutes on each side or until just tender.
3. Meanwhile, place eggs, cream or milk, chives, salt and pepper in a medium sized bowl and whisk until well combined. (You can leave out the chives.)
4. Heat remaining butter in a medium sized non-stick frying pan over medium heat. When butter is sizzling, add the egg mixture and cook a further 1-2 minutes or until egg just starts to set. Stir gently and cook a further 1-2 minutes or until cooked to your liking.
5. To serve, place 2 mushrooms on to each serving plate. Top with scrambled eggs and serve with a slice of buttered toast. Or put the mushrooms and scrambled eggs on top of the buttered toast and serve.

A recipe for a Mother's Day cake which experienced cooks may like to try.

### Traditional Mother's Day Cake.

250 g butter	1 ¼ cups brown sugar
½ cup white sugar	grated rind of 1 lemon
1 teasp vanilla	5 eggs
2 tablesp marmalade	200 g glace cherries
250 g glace peel	250 g sultanas
50 g blanched almonds	250 g raisins, chopped
5 tablesp sherry or orange juice	2 ½ cups flour (plain)
1 ½ teasp baking powder	pinch of salt
1 teasp mixed spice	250 g marzipan

Line a 20cm round cake tin with baking paper.

Cream together butter and sugar; beat in rind, vanilla and marmalade. Add eggs, one at a time, beating well after each addition. Add cherries, peel, nuts, dried fruit sherry or juice and half of the sifted flour and baking powder and mix. Fold in the remaining sifted flour and baking powder and mix well. Rollout the marzipan to about 22cm diameter (between two sheets of baking paper to make it easier).

Place ½ of the mixture into the tin and smooth down. Carefully place the marzipan into the tin and press it down, then place the remaining cake mixture on top of the marzipan.

Bake at 150 degrees C for approx. 3 to 3 ½ hours until cooked when tested. Cool in tin. Decorate with icing or marzipan.

Unfortunately even though aborigines have volunteered to fight in Australian wars without being pressured into since the Boer War to present day.

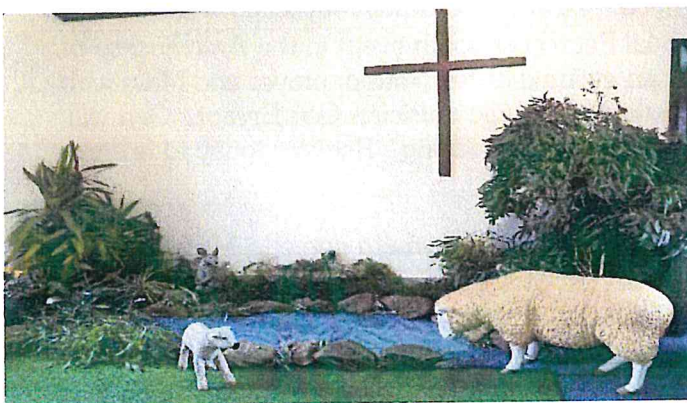

Look it up it is worth reading.

**MOTHERS DAY**

A time when family gather to say thank you to mothers who have raised them. The mother who has cares for them, love/loved them and nurture them. A mother can be a grandma, a foster mum, an aunt ...

We remember the recent murder of mother of 3 in a Queensland domestic violence situation ...fortunately her sister is willing to take on her 3 children...now their family has 8 children. We pray for this family as they cope with this horrible situation.

A peaceful place for prayer at Maccy church. Hourly time slots where people came a pray God wants to hear from us. We offer the opportunity for prayer requests at any time please contact us.

Covid 19 is truly taking over our world. We thank God that we are so fortunate in Australia and New Zealand. Please Lord continue to be by the side of all affected by Covid 19 and their families. With all those who are trying to save lives – doctors, nurses, hospital staff please give them strength to continue fighting this horrible sickness. Amen.
